Re: New China route

Dear Brothers and Sisters,

The TWU continues to work with American Airlines, with the clear intent of returning them to profitability, and thus benefiting our members in the long term. We are asking for your help by supporting AA's bid for another China route - Chicago to Beijing in 2009.

Everybody can help, friends, retiree's, families, and not just AA employees. Ask them to recommend AA for the new route, call or write to the Department of Transportation. Send a letter to Secretary of Transportation Mary Peters today. Time is critical so please pass this on to your friends or post for others to view. We only have a few weeks to make our voice heard.

Thank you for helping with this important opportunity in a globally competitive industry. In this business environment we are linked to one another, like it or not, and we expect continued success for the benefit of all our members. Our futures depend on our ability to get things done that are mutually beneficial to all.

Fraternally,

Tim McAninley
